

Inspirational Backgrounds & Lock Screen

Hope is choosing to believe that the outcome of our actions will be the result we want. In other words, fulfilling our dreams and aspirations has much to do with the work that we put in!

To be clear, that doesn't mean that if we put in loads of work, things will always turn out how we hope. Sometimes we set out cookies and milk, we get the presents we asked Santa for. Other times, we set out cookies and milk and get unexpected presents. And sometimes we set out cookies and milk and only get stocking stuffers. But my experience is that rarely does putting in the effort and work—making those cookies and chilling that milk—result in no Santa at all!

Regardless of the outcomes, hope in action is making a choice to have a positive outlook, knowing that we did everything we could to get the result we want. Then, we hope that things will turn out in our favor.

Enjoy these inspirational backgrounds and lock screens that will remind you daily to choose hope.
